Equipment

Luna Marble are a 4 piece classic rock band featuring a lead vocalist, guitarist, bassist, and drummer, occasionally with a guest keyboard player (if this the case we will let you know in advance). For a hometown headline based gigs we are able to provide drum breakables and drum shells our own guitar and bass amp and vocal mic. Due to lack of transport resources for support gigs outside Manchester, we are limited to drum breakables, and hopefully seek to share bass and guitar amp, although guitar amp could be accommodated depending on the circumstances. Our bass player, has a royal blood like set up with split bass amp signal and D.I into PA.

Stage Plot

Input List

1	Drums-Kick
2	Drums- Snare
3	Drums- Mid Tom
4	Drums-Floor Tom

7	Bass- Amp mic
8	Bass- DI split signal into PA
9	Guitar- Amp Mic
10	Lead Vocals Mic
11	Acoustic Guitar DI
12	Keyboard Nord DI

Sound Notes

Note that the acoustic guitar and keys are not always in our current set up, so please ignore if we haven't stated that this will be the case for the gig in question. Sound wise, we try to go for classic rock, arena sounds, we always trust the sound engineer to mix according to the sound requirements of the venue and accommodate this when possible. For vocals we always prefer a long tape delay into a plate reverb, and time it per tempo of the song.
